U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on JANUARY 27, 1980

- Export Shipments in
Current Marketing Year

- Daily Sales Reported
JAN. 28 - FEB. 3, 1980

--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY COMMODITY PROGRAMS, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of February 7 (based on reports from exporters for the week ending January 27, 1980):

Wheat: Buyer interest was moderately heavy for the third consecutive week. Brazil, Sudan, and Romania were the most visible buyers with numerous other countries adding small quantities to existing contract balances. Poland canceled 30,500 metric tons (MT) of Soft Red Winter. Small contract adjustments were made to several other countries. Marketing year (MY) 1980/81 activity was extremely light. The rate of export clearances diminished slightly from the pace of recent weeks.

Corn: The net increase in outstanding sales (1,168,300 MT) was the third straight week in excess of a million MT. Japan, Belgium, and several European Community countries registered significant purchases, while many other countries increased purchases by lesser amounts. Contract adjustments resulted in minor changes in sales balances to several countries. Exports continued brisk (1,192,200 MT), with the majority of the shipments destined for Japan and Europe.

Sorghum: Export interest was moderately heavy as Japan and Taiwan added to earlier purchases of U.S. sorghum. Sales to Spain rose sharply as they were reported as the destination on sales earlier reported to unknown. Weekly exports of 185,100 MT continued near the active pace of recent weeks.

Rice: Sales activity was down sharply from the preceding week's heavy level. Sales to unknown destinations and Switzerland led the week's activity. Exports (43,200 MT) continued moderately good.

Soybeans: Net sales declined for the week as purchases by the European Community, Japan and Spain led the way. Exports (582,700 MT) remained strong, although somewhat below last week's level.

Soybean Meal: The pace of net sales slipped slightly to 133,600 MT. The Netherlands (37,000 MT) was the major buyer. A destination switch from unknown, raised sales to Romania by 28,900 MT. Exports (182,400 MT) rose with Eastern Europe (89,800 MT) again the major destination.

Soybean Oil: Net sales (57,500 MT) remained strong as the Dominican Republic purchased 20,000 MT. New sales to unknown destinations totaled 45,400 MT, although cancellation and switches to known destinations held the net increase to 16,900 MT.

Cotton: Sales continue strong. MY 1979/80 sales of 171,600 RB were above the previous week's. Principal buyers were Japan - 124,400 RB, Korea - 15,700 RB, and Taiwan - 13,800 RB. MY 1980/81 sales of 10,900 RB were mainly to Europe. Exports continue good with 168,400 RB shipped, 23 percent to Europe and 72 percent to Asia including 13,100 RB to China.

Barley, Oats, and Rye: Showed no significant activity.

Data on transactions reported under the daily reporting system for January 28-February 4, 1980 appear on page 6.
